March, Wed 6th April

Join us on our beautiful Canterbury campus this Spring to learn more about Biosciences at Kent. At our exclusive offer-holder days, you'll explore our campus and fantastic facilities, meet our staff and students and have the opportunity to ask questions about life at Kent. You'll also gain first-hand experience of what it's like to study here through talks and a practical session.

During our registration hour you'll get the chance to talk to our student support, careers and student experience staff to learn about how we support your wider Kent experience. We'll also be holding a special panel for parents and carers, giving them the chance to ask any questions they may have.
