

BIN AND RECYCLE POINTS ON CAMPUS

Each accommodation area has its own bin store for your general waste and recycling to be collected, please separate these items using the bags provided before disposing in the relevant bins in your store. We also have charity donation points and electrical recycling bins for your use located across campus for suitable items.

If not returned at the time of your order, you must then leave your online supermarket shopping crates for the drivers at the collection points shown below. Please take your waste and crates to your designated areas and recycle responsibly.
