

Driving licence declaration

Social Work

All applicants will be required to complete and submit this form before their interview.

Placement providers require students to be able to travel by car due to the geography and transport infrastructure of the locality. You are asked to complete this form so we are able to understand your driving status and access to a car (with appropriate insurance) for your placements for the duration of the programme you are applying for as guided by the social work regulator. This does not apply to students who are unable to drive because of a health condition or impairment.

Applicants should be aware of the requirement to hold a valid driving licence and have access to a car (and the appropriate insurance) to be able to successfully complete the placement and therefore, the learning outcomes of the programme.
