

Community Referrals

We currently only accept referrals through East Kent Mind, as we are not funded to provide services for any other community groups, social prescribers, GPs or local councils.

If you want to fund spaces for clients, then you can arrange to speak with the team at KentCOG, view our facilities and talk about your needs via our email: kentcog@kent.ac.uk.

We hope in future we can offer up more spaces for community referrals so please check back.
