TO STOP FRAUD™

Text messages impersonating Phone Companies

Be on the lookout for text messages impersonating your mobile phone company stating that they have not received your latest payment and that you need to click on a link within the message.

STOP IT IS A SCAM.

By clicking the link, you will be redirected to a realistic web site under the control of the criminals where they will steal your personal and financial data.

The below is an example of one type message received today and sent to me by a member of the public.

Your mobile phone company will never contact you like this asking you to click on a link and update your details etc.

If you get a text like this, then forward to 7726.

If you have been a victim of any type of scam, then contact your Bank immediately, which you can do by calling 159 and reporting to Report Fraud at [Reporting cyber crime and fraud or phishing attempts - Report Fraud](#) or call 0300 123 2040.

Find out more by visiting our website at [Advice about fraud | Kent Police](#) and also from the Home Office at [Stop! Think Fraud - How to stay safe from scams](#)
